Overview

Villa Eva is a brand new property carved on a hill above the area of Lia Beach on the eastern side of Mykonos, well known to be one of the more natural and casual parts of the island.

The elevated location of the property is offering amazing views of the Aegean sea and numerous islands like Paros, Antiparos, Naxos etc. The great design of the villa is generous in outdoor space meant to allow full enjoyment of the views be it while swimming in the free-shaped infinity pool, dining under the elegant pergola or having an evening drink around the round shaped coffee table position in the fore-front of the pool terrace surrounded by a "pebble ,zen-like garden".

The property, developed on three levels, has a great taste in design and furnishing. The vastly pristine colors are rarely interrupted and when they are it is through the typical pastel color cementokonia flooring, the soft colors of the minimal furnishing or the thoughtful placement of objects – a modern and subtle décor that enhances the typical traits of the Cycladic structure.

The entrance level of Villa Eva is entirely dedicated to the villa's comfortable living room and modern kitchen that spills out onto the terrace and barbeque area via French doors.

This is an outstanding combination of attention to detail, use of space and scenic views, all allowing it to be the perfect retreat for families or groups of friends who fancy having a good time in a modern and laid back ambience.
